

Learn how to make your own natural soap from palm extracts in the heart of the oasis

Immersive workshop with Loubna from Cosmonat Lobna

Treat yourself to a unique and original experience in the Tozeur oasis. I invite you to make your own natural soap with 100% natural raw materials and palm extracts. While enjoying the beauty of the oasis and its beautiful palm grove, you'll have the opportunity to learn quick and easy tips and tricks for making your own soap at home.

Period: year-round

Duration: 1h30

Participants: between 10 and 20 people

Levels: all levels from age 12 upwards

Languages: Arabic, French and English.

Location: Cosmonat – Lobna

Transport and accommodation: Not included in the experience

Location: Tozeur

Your host : Loubna

Originally from southern Tunisia, I'm passionate about beauty products. I own a brand of handmade soap and a wide range of beauty products based on oasis products. I organize experiences to share my know-how, tips and the secrets of natural desert products.

I'm a specialist in making natural cosmetics, extracting oils and distilling plants... All in compliance with health protocols to ensure the safety of participants and the environment.

Highlights of the experience

- Discover southern Tunisia through natural cosmetics;
- A unique experience and the first in our country;
- Meet an expert and specialist in natural cosmetics;
- Passing on exceptional know-how;
- A time for sharing and exchanging ideas in good spirits.

Ideal if you're looking for activities for...

- Solo and group travelers;
- Families ;
- Lovers of the desert and natural products.

The spirit: a spirit of creativity.

This experience is a natural one. Here, I offer you moments of chemical-free beauty. It's an opportunity for you to learn how to make your own soap and give it the texture and fragrance you like best, in a warm and fragrant atmosphere.

We've got you covered...

Welcome to my workshop.

After getting to know each other and getting your bearings in the workshop, you take over the equipment I've prepared for you. Next, I'll explain the steps involved in making soap, and the usefulness of the equipment. You'll learn how to mix ingredients and use moulds for the shapes and colors you like best.

Then we get down to business. After a demonstration of the steps involved, I'll help you create your own soap.

Over an infusion of oasis mint or a healthy coffee made from date pits, I invite you to taste Arabic bread with date molasses (ROOB).

End of experiment.

Price

- On request.
- Our prices include: organization of the experience, visit, natural soap-making workshop.
- Our prices do not include: transport, insurance and extras.
- Terms of payment: please consult the host.
- Reservation and cancellation policy: consult host.
