- If you're passionate about ecology and sustainability ;
- If you're keen to explore something new and unusual;
- If you're looking to create genuine bonds with passionate people and share unforgettable moments.

The spirit

The spirit that drives the creation of olive oil soaps is an enchanting fusion of traditional craftsmanship and creative innovation. It's a celebration of ancestral heritage.

Each step is imbued with dedication to the land and inherited know-how. Carefully selecting natural ingredients, blending superior olive oils with exquisite fragrances and shaping each soap with precision becomes a tribute to nature and human creativity. The spirit of this creation transcends the boundaries of time, linking millennia-old traditions with modern aspirations for a more natural, environmentally-friendly lifestyle.

The very essence of nourishing, beneficial olive oil is infused into each bar of soap, providing gentle, indulgent skin care. Each soap becomes a living tableau, a testimony to the alliance between natural elements and human genius, an invitation to savor the simple, authentic pleasures that nature generously offers.

We've got you covered...

You'll discover how to select the purest ingredients and blend natural oils and fragrances to create soaps that are both skin-nourishing and environmentally friendly. You'll immerse yourself in an immersive experience where every movement is a celebration of nature and its timeless beauty.

Halima will show you how to shape each soap with care, highlighting the harmony between olive oil, natural essences and the gestures inherited from a long line of craftsmen. Through your own creations, you'll understand the importance of patience and precision in making these environmentally-friendly products. You'll leave not only with unique handcrafted soaps, but also with a deeper appreciation of the intrinsic beauty of nature and the inestimable value of olive oil in the creation of sustainable, beneficial products.
